

Krieghoff

Limited Edition Krieghoff Parabellum Model 08 Pistol

Using authentic specifications, an one time release of 200 Model 08 Parabellums continues the original production line halted over 60 years ago.

Background

Between 1934 and 1945, Krieghoff produced approximately 13,850 Model "08" pistols in their factory in Subl, Germany. A small percentage of these pistols, approximately 1650, were manufactured as a civilian version of the Parabellum. This rarer Parabellum contained additional features and details omitted on the military version. Krieghoff continues production of this very sought after collector's item with the introduction of the 2006 Limited Edition.

Features

The 2006 Limited Edition – authentic Model 08 features include

- 100% dimensionally identical to the first Krieghoff pistols.
- Machined from the best grade solid steel
- Stamped with the authentic Krieghoff anchor insignia on front toggle link
- Beautiful case colored accents where applicable
- Nickel plated magazine with aluminized bottom
- Original interior barrel rifling.
- Bakelite pistol grip

Technical Specifications

Caliber:	9 mm Parabellum (9x19)
