FIELD & COMPETITION SHOTGUNS

KRIEGHOFF

130 YEARS OF EXCELLENCE
Welcome to the family.
THE NEW KRIEGHOFF

Not many family-owned companies can look back on a history of five generations. What our ancestors started in 1886 continues to evolve. Our passion for hunting and technical perfection is what creates and reinforces the bonds between the generations. It continues to this day.

Dieter Krieghoff
4th generation

Phil Krieghoff
5th generation
1886  Ludwig Krieghoff and one partner establish the “Sempert & Krieghoff” gun factory in Suhl, Germany.

1900  “You shoot with the barrel, you hit with the stock!” Ludwig Krieghoff’s motto inspired the patented Krieghoff custom stock method.

1919  The “Sempert & Krieghoff” and “Heinrich Krieghoff” firms are merged under the management of Heinrich Krieghoff.

1916  Heinrich Krieghoff (Ludwig Krieghoff’s son) founds the company “Heinrich Krieghoff”, also in Suhl.

1925  Krieghoff introduces lightweight aluminum alloy as gunmaking material.

1926–1930  The first over and under combination rifle/shotgun with manual cocking and de-cocking slide is presented. Krieghoff manufacture’s the world’s first lugless shotgun.

1926  The Optima drilling is launched.

1928  With the K-20, Krieghoff presents the little sister of the K-80.

1932  The Classic double rifle is introduced.

1936  Krieghoff’s Combi-Cocking Device and Universal Trigger system (UAS) are introduced and patented.

1946  The K80, the successor to the K32, is presented. After completing his studies, Dieter Krieghoff begins marketing Krieghoff shotguns in the United States.

1950  After the end of the Second World War Krieghoff makes a fresh start with 13 employees in Ulm.

1957  Krieghoff presents its first competition shotgun: the K-32.

1959  Philip Krieghoff is appointed managing director of H. Krieghoff GmbH.

1960  The company moves to its current production site in Ulm, Germany.

1966  Kenneth A. Jones becomes trapshooting world champion with his Krieghoff K-32.

1980  Krieghoff becomes an official partner of the ISSF World Championship and from this time forward enjoys great success in Olympic Shooting Sports.

1986  Founding of Krieghoff International Inc. in the USA by Dieter Krieghoff.

1986  Donald Holdeman (USA) wins gold in the Montreal Olympics.

1992  Krieghoff’s Combi-Cocking Device and Universal Trigger system (UAS) are introduced and patented.

1993  The “Sempert & Krieghoff” and “Heinrich Krieghoff” firms are merged.

1995  The lightweight, stylish single-shot rifle Krieghoff Hubertus is introduced.

1999  The lightweight, stylish single-shot rifle Krieghoff Hubertus is introduced.

2000  The pioneering in-line repeating system of the Krieghoff Semprio makes its debut at the IWA.

2002  The K-20, Krieghoff presents the little sister of the K-80.

2007  The pioneering in-line repeating system of the Krieghoff Semprio makes its debut at the IWA.

2009  The K-20, Krieghoff presents the little sister of the K-80.

2016  Contestants using Krieghoff guns win two Olympic medals.

2016  Krieghoff becomes an official partner of the ISSF World Championship and from this time forward enjoys great success in Olympic Shooting Sports.

1900  “You shoot with the barrel, you hit with the stock!” Ludwig Krieghoff’s motto inspired the patented Krieghoff custom stock method.

1919  The “Sempert & Krieghoff” and “Heinrich Krieghoff” firms are merged under the management of Heinrich Krieghoff.

1916  Heinrich Krieghoff (Ludwig Krieghoff’s son) founds the company “Heinrich Krieghoff”, also in Suhl.

1886  Ludwig Krieghoff and one partner establish the “Sempert & Krieghoff” gun factory in Suhl, Germany.

1900  “You shoot with the barrel, you hit with the stock!” Ludwig Krieghoff’s motto inspired the patented Krieghoff custom stock method.

1995  The lightweight, stylish single-shot rifle Krieghoff Hubertus is introduced.

1999  The lightweight, stylish single-shot rifle Krieghoff Hubertus is introduced.

2000  The pioneering in-line repeating system of the Krieghoff Semprio makes its debut at the IWA.

2009  The K-20, Krieghoff presents the little sister of the K-80.

2016  Contestants using Krieghoff guns win two Olympic medals.

2016  Krieghoff becomes an official partner of the ISSF World Championship and from this time forward enjoys great success in Olympic Shooting Sports.
Our founder Ludwig Krieghoff was already a pioneer in his day. His insight that “you shoot with the barrel, you hit with the stock” (“Die Läufe schießen – der Schaft trifft®”) anchors our manufacturing tradition and forms the basis for the patented Krieghoff custom stock-fitting method. The unbridled creative force that drives all Krieghoff generations enabled milestones that have made the company what it is today: a manufacturer of rifles and shotguns made with passion. 

MILESTONES IN THE HISTORY OF THE KRIEGHOFF COMPANY

1900
“Die Läufe schießen – der Schaft trifft®” – You shoot with the barrel, you hit with the stock – Ludwig Krieghoff’s maxim led to his patented custom stock-fitting method.

1905
Krieghoff’s first adjustable rear barrel is patented.

1910
A pneumatic device to prevent “doubling” on drillings with a single trigger is patented.

1912
Krieghoff introduces lightweight aluminum alloy as gunmaking material.

1925
Krieghoff introduces lightweight, automatic rifle with gas-operated loading mechanism and block action details.

1926
Krieghoff’s first adjustable insert barrel is patented.

1930
Krieghoff introduces lightweight aluminum alloy as gunmaking material.

1930
Krieghoff manufactures the world’s first lugless shotgun. The elegant shape and low receiver are extremely impressive.

1932
Krieghoff’s semi-automatic rifle with gas-operated loading mechanism and block action details is introduced.

1940
Krieghoff introduces a single trigger for multi-barrel guns.

1956
Krieghoff’s scope mount is patented.

1960
Krieghoff’s佘anium Cocking Device and automatic hair trigger are introduced and patented.

1967
Krieghoff’s patented in-line repeating system sets new benchmarks for repeating rifles.

1968
Krieghoff’s patented shock absorber is patented.

1968
Krieghoff’s Combi-Cocking Device and automatic hair trigger are patented.

1972
Krieghoff’s Combi-Cocking Device and automatic hair trigger are introduced and patented.

1982
Optimized Krieghoff Optima Combi-Cocking Device and automatic hair trigger are introduced and patented.

1982
Krieghoff’s patented in-line repeating system sets new benchmarks for repeating rifles.

1992
Universal Trigger System is patented.

1992
Krieghoff’s Combi-Cocking Device and automatic hair trigger are introduced and patented.

1996
Muzzle adjustment with an adjustment wedge is patented.

1996
The muzzle adjustment with an adjustment wedge is patented.

2002
Optimized Krieghoff Optima Combi-Cocking Device and automatic hair trigger are introduced and patented.

2002
Krieghoff’s patented in-line repeating system sets new benchmarks for repeating rifles.

2007
Introduction of the Pacour line for K-80.

2012
Krieghoff’s Combi-Cocking Device and automatic hair trigger are introduced and patented.

TRADITION AND INNOVATION.

Our founder Ludwig Krieghoff was already a pioneer in his day. His insight that “you shoot with the barrel, you hit with the stock” (“Die Läufe schießen – der Schaft trifft®”) anchors our manufacturing tradition and forms the basis for the patented Krieghoff custom stock-fitting method. The unbridled creative force that drives all Krieghoff generations enabled milestones that have made the company what it is today: a manufacturer of rifles and shotguns made with passion.
The order for the first 2,000 shotguns and one of the first K-32 competition shotguns.

K-80: A SUCCESS STORY

The legendary reputation of the K-80 is no coincidence. Decades of continuous optimization on Krieghoff’s very first shotgun, the K-32, built its foundation. Remington developed the Model 32, a true competition shotgun, in the 1930s, but suspended manufacturing the complex firearm soon after its introduction. L.M. Donaldson, Trapshooting champion several times over, traveled to Germany bringing with him the idea of a perfect competition shotgun. In Krieghoff he found the gunsmith expertise he had sought for so long. The basic design of the Remington 32 was used as the starting point for the Ulm-based gunmakers’ inaugural shotgun project. Inviting Krieghoff shooters to exchange their ideas and experience with the company further expanded after Dieter Krieghoff emigrated to North America in 1979 and later founded Krieghoff International, Inc. It was just such dialogue that led to the development of the K-80, an enhanced version of the K-32.
THE MODULAR SYSTEM

To this day, the concept of the Krieghoff competition shotguns is based on the optimal adaptation of the firearm to the individual requirements of the shooter and of the chosen discipline. The principle of interchangeability and modular systems make this possible.

CHOKES

Conventional fixed chokes or titanium choke tubes are optional for the K-80. The knurled and clearly marked choke tubes can easily be replaced in a flash. Titanium choke tubes are also available as an option. Ten inserts, from Cylinder to Super Full, are available for all choke tube sets. Thin-walled screw-in chokes are optionally available.

BARRELS

Barrels are offered in standard lengths: 28", 30" and 32" (71 cm, 76 cm and 81 cm). The point of impact can be easily adjusted between the free floating barrels. An exception to this is the K-80 Parcours, which has a hard-soldered barrel set. All points of contact on the barrel set are hard-soldered to maximize durability and service life. The chambers are chosen to maximize their life and the long forcing cone reduces the recoil felt by the shooter. The inside profile of the barrel ensures an even pattern and maximizes the speed of the shot column. Most 12 gauge and 20 gauge configurations of the K-80 and K-20 lines are steel shot proofed.

STOCKS

Optimally designed stocks are available for the K-80 to suit each type of shooting sport as well as perfectly meet each shooter’s individual needs. Offering custom or adjustable comb stocks, all Krieghoff shotguns are designed for intuitive and repeatable fit for each shooter not only in stock design, but also in the pistol grip palm-swell providing firm and comfortable handling of the gun. All guns feature fine checkering, and most are available in right and left-handed configurations.

ACTION

The K-80 breech has a reputation for being indestructible through proving time and time again that they easily fire over a million rounds outperforming competitive shotguns. Perfectly balanced with a far forward hinge, the breech plate lever is positioned for optimal ergonomics allowing an easy opening, yet ruggedly designed breech with a perfect weight and balance feel.

CRAFTSMANSHIP - THE K-SYSTEM

To this day, the concept of the Krieghoff competition shotguns is based on the optimal adaptation of the firearm to the individual requirements of the shooter and of the chosen discipline. The principle of interchangeability and modular systems make this possible.
Your aspiration is our motivation.

Krieghoff shotguns are synonymous with quality and durability. Only meticulously selected materials are used. Those who wish to expand the functionality of their Krieghoff gun with interchangeable barrels can choose from a wide range of barrel sets.

Information about barrel sets and options can be found on pages 82 – 83.

MEETING THE HIGHEST STANDARDS
Ludwig Krieghoff’s maxim “you shoot with the barrel, you hit with the stock” ("Die Läufe schießen – der Schaft trifft®") is just as true today as it was in the past and hits the mark particularly when shooting with shotguns. Regardless of whether you choose a standard or customized stock design, our stock makers use the proven Krieghoff stock-fitting process to custom fit K-80 stocks for each individual shooter. Together with the craftsmanship of the stock maker, this process shapes the superb stock that seems to fit right out of the box. Our stock inventory includes a large number of stock blanks in a wide range of quality classes. Each stock is one of a kind!
ENGRAVINGS AND FINISHING

Engravings give each shotgun their own unique look. Flawless craftsmanship and exquisite artistry adorn the receivers with unique objects and one-of-a-kind works of art. The Krieghoff engravers have a comprehensive repertoire ranging from deep relief to the finest Bulino engraving, encompassing everything from classic hunting scenes to the intricate ornamentation of various eras.

Transform your shotgun into an expression of your personality with your personal selection of a catalog or custom engraving.

More information on engraving and finishing options can be found on pages 54–77.

Further examples can also be found at www.krieghoff.com/engraving
KRIEGHOFF AROUND THE GLOBE – A WINNING STREAK

On the winner's podium with Krieghoff: Around the globe, renowned target shooters and champions in target shooting include 2018 World Skeet Champion Caitlin Connor (USA), 2018 FITASC Sporting World Champion Renae Birgan (Australia), and multiple time PSCA Champion Gebben Miles (USA) put their trust in sporting shotguns made in Ulm. Our goal: optimizing your performance. Personal experience and the intense collaboration with sporting shooters from all over the world are the drivers behind the dynamic ongoing development of successful competition shotgun design.
K-80: THE LEGEND

To achieve the perfect sight picture for every sporting discipline, Krieghoff offers a wide variety of barrel sets with perfectly matched ribs. Together with the appropriate stock design, the right K-80 is tailored for your discipline.

K-80 PROTRAP

K-80 barrel sets are available in gauges 12, 20, 28 and .410.

K-80: THE LEGEND

Choke tubes options:
- Fixed Chokes
- Five Krieghoff, thin-wall, titanium chokes with wrench

K-80 STANDARD EQUIPMENT

- Nickel-plated steel receiver
- Blued hinge screw, top-latch and pins
- Selective single trigger with mechanical selector and adjustable length
- Standard engraving
- Wood CAT000
- Adjustable comb
- Comes in a fibreglass presentation case
- Includes:
  - Two Chokes
  - Two Forcings
  - Three Schnabels
  - Wrenches

K-80 KEY FEATURES

- Model lengths: 28" (71 cm), 30" (76 cm), 32" (81 cm)
- Combined with a wide range of ribs, the K-80 becomes the perfect gun for every discipline.

ARLAYS OF USE FOR THE K-80

SPORT

The modular design of the K-80 makes it the ideal competition shotgun. Thanks to a comprehensive range of optimally designed forearms and stocks, four standard barrel lengths, and fixed and adjustable ribs, the K-80 can be easily and optimally adapted to the requirements of every discipline.

HUNTING

The incredible performance of K-80 is equivalent to a revolution that enhances success not only at the range but on every hunt as well. Its unique handling and balance make the K-80 a reliable and durable companion on your hunts. Optimally designed forearms can be adjusted to suit the requirements of every hunting situation. Classic stock can be ordered at any time. Different types of forearms are shown on pages 60 – 61.

Model shown:
- K-80 ACS
- Barrel length: 32" (81 cm)
- Krieghoff Titanium Choke tubes
- Catalog engraving: "Heritage Game Scene II"
- Trap forearm
- Parallel adjustable comb stock
- Wood CAT005

Optimization for the respective discipline and perfect adaptation to individual requirements are part of the Krieghoff K-80 concept from the very beginning.
Trap is one of the oldest shooting disciplines and is internationally popular among competitive shooters. Trapshooting has been an Olympic discipline since 1900. Due to its features and adaptability, the K-80 is predestined for both Olympic and U.S. trap sports.

**K-80 TRAP SPECIAL**
- Barrel length: 30” or 32” (76 cm or 81 cm); Optional 34” (86 cm)
- Unsonto or Top single barrel
- Rib: Trap Special 10 – 6 mm tapered adjustable; highest selectable shot pattern 100% (optional Pro rib with 120% high pattern) Trap Special Rollover stock; Beavertail forearm; Weight: Appx 9 lb

**K-80 ACS COMBO**
- Pro Sporter Barrel length: 30” or 32” (76 cm or 81 cm); 1 34” unsingle ACS with 10 – 6 mm tapered rib (patterned to shoot 70/30% from the factory)
- Highest selectable shot pattern adjustable up to 100% high with figure 8 sight picture; Beavertail forearm; #6 Monte Carlo stock; Weight: Appx 8 3/4 lb

**K-80 ACS**
- Barrel length: 30” or 32” (76 cm or 81 cm); Optional 34” (86 cm) unsingle barrel
- Rib: 10 – 6 mm tapered Adjustable, highest selectable shot pattern 70/30 %; Pro Sporter stock; Beavertail forearm; Weight: Approx 9 lb

**K-80 TRAP**
- Barrel length: 30” or 32” (76 cm or 81 cm); Optional 34” (86 cm)
- Right-handed Trap Monte Carlo stock; Beavertail forearm; Weight: Approx 9 lb and 1 oz
Ambitious, demanding sport shooters know why they value the Krieghoff K-80. From muzzle to pad, this sporting shotgun is designed to compete: absolutely uncompromising in reliability, durability and flexibility.

**K-80 SPORTING**
- Barrel length: 28", 30" or 32" (71, 76 cm or 81 cm);
- Titanium screw-in chokes;
- Rib: 10 – 6 mm tapered flat;
- Right-handed Sporting stock;
- Schnabel forearm;
- Weight: 8 lb and 12 oz

**K-80 PRO SPORTER**
- Barrel length: 30" or 32" (76 cm or 81 cm);
- Rib: 10 – 6 mm tapered adjustable, highest selectable shot pattern 70/30 %;
- Pro Sporter stock;
- Schnabel forearm;
- Weight: 8 lb and 10 oz

**K-80 PARCOURS**
- Barrel length: 30" or 32" (76 cm or 81 cm);
- Fixed chokes;
- Rib: 8 – 6 mm tapered flat;
- Parcours stock with adjustable comb; Parcours forearm; 28" (71 cm) barrels available with Thin-wall chokes; Weight: 8 lb
SKEET

Skeet shooting requires quick target acquisition and a wide swing profile. Competitive skeet shooting has been an Olympic discipline since 1968. The K-80 Skeet’s exquisite balance and multiple gauge barrel options make it the competitive shotgun of choice.

K-80 PRO SPORTER
Barrel length: 30” or 32” (76 cm or 81 cm);
Rib: 10 – 6 mm tapered adjustable, highest selectable shot pattern 70/30 %;
Pro Sporter stock; Schnabel forearm;
Weight: 8 lb and 10 oz

K-80 SKEET
Barrel length: 28”, 30” or 32” (71, 76 cm or 81 cm);
Rib: 10 – 6 mm tapered flat,
Right-handed Sporting stock; Schnabel forearm;
Weight: Appx 8 lb and 10 oz
Krieghoff means being a part of a family that has second to none craftsmanship and service in the industry. I love shooting my K-80 because when I step on the field I know I have the best shotgun available.

BEST CRAFTSMANSHIP AND SERVICE

Caitlin Connor

Krieghoff means being a part of a family that has second to none craftsmanship and service in the industry. I love shooting my K-80 because when I step on the field I know I have the best shotgun available.

Caitlin Connor
A PASSION FOR QUALITY

The right shotgun for every situation, Krieghoff is not merely a manufacturer of hunting firearms and competition shotguns, but a mindset and a lifestyle. Since 1886, Krieghoff has been synonymous with tremendous innovative drive paired with the expertise and reliability of a company rich in tradition and history.
The K-20 is a true Krieghoff in every respect. All features of the legendary K-80 action have been incorporated in the K-20 as well, adapted only for the different gauge. The outside dimensions of the receiver have been scaled accordingly, resulting in a lean shape with excellent balance.

Whether it be for sporting clays, skeet, or field, the K-20 shines.

**K-20: ALL PURPOSE ELEGANCE**

The K-20 is a true Krieghoff shotgun that offers the same superior performance as its predecessor, incorporating all of the technical highlights in a slimmer, lighter form, with excellent balance and handling.

**AREAS OF USE FOR THE K-20**

**HUNTING**

The K-20 offers the same superior performance as its predecessor, incorporating all of the technical highlights in a slimmer, lighter form, with excellent balance and handling.

**SPORTING CLAYS**

Powerful and durable. The exceptional trigger of the K-20 combined with the ability to configure the gun to your personal preference make this gun a winning competition shotgun.

**K-20 STANDARD OPTIONS**

- 20 gauges in 28 or 32-inch barrels
- 28 gauges in 30 or 32-inch barrels
- 410 gauges in 30 or 32-inch barrels
- Custom stock fitting and engraving
- Black oxide and nickel-plated barrels
- Gold-plated trigger
- Standard grade Turkish walnut with six wood upgrades available.
The “twenty” is considered by many to be uniquely fascinating in its own right. Lean and light, it does not take a back seat in performance to any of the typical 12 gauge shotguns. In the Sporting version, the K-20 shotgun with its free-floating barrels is optimized for skeet and hunting. In the ProSporter version, the lean over-and-under competition shotgun with a higher adjustable line of sight and a stock with a likewise adjustable comb offer maximum flexibility for sporting use.

**K-20 SPORTING**
- Rib: 10–6 mm tapered flat;
- Sporting stock, Schnabel forearm;
- Catalog Engraving: “Gold Plantation” color case hardened;
- Wood CAT004 with epoxy finish;
- Weight: Approx. 7 lb 11 oz

**K-20 PRO SPORTER**
- Rib: 10–6 mm tapered adjustable, highest select shot pattern 70/30 %;
- Right-handed Pro Sporter stock with adjustable comb;
- Schnabel forearm; Custom Engraving of Pheasants & Scroll;
- Wood CAT004 with epoxy finish;
- Weight: Approx. 8 lb 2 oz
NO COMPROMISES
The K-20 is a true paragon of elegance and longevity. With its technical features, it holds its own with the K-80. The external dimensions of the receiver are sleek and elegant. Light and lean with beautiful handling, it is the ideal companion for every hunter and sport shooter.

BY TRADITION
ONE OF
THE BEST

Whether lightning-fast grouse in England, doves in Argentina, majestic pheasants in South Dakota or red-legged partridges in Spain, a reliable shotgun is a must for exclusive upland bird hunting of this kind. The perfect choice: the new K-20 Parcours. The key to success is first and foremost the intuitive mount. Everything else follows naturally. Your instinct aims – the K-20 Parcours hits. Hunting is a fast sport that happens on the move, thus balance, liveliness, and a light weight are essential in a shotgun. The Parcours soldered barrel set and streamlined form offer outstanding balance essentially allowing the shooter and the gun to become one.

K-20 PARCOURS
WITH FIXED CHOKE

- Barrel Length: 30” or 32” (76 cm or 81 cm);
- Rib: 7 – 6 mm taper flat;
- Fixed Chokes (Mod (.020”) and IM (.030”));
- Prince of Whales stock;
- Parcours forearm;
- Oil finish;
- Optional: Parcours stock with adjustable comb and epoxy finish;
- Weight: Appx 7 lbs

Kevin DeMichiel

My name is Kevin DeMichiel. My father introduced me to shooting when I was very young. In 2009 I made a switch to a Krieghoff K-80 ProSporter. Since then I have won several national titles and achieved international success as well. Since I’m also a passionate hunter and wanted to use a lighter gun on bird hunts that gives me the same great feeling as my K-80, it was clear that I had to have a K-20 Parcours. This little beauty now accompanies me on every duck hunt and never lets me down.

ONCE A KRIEGHOFF, ALWAYS A KRIEGHOFF

The KX-6 Special’s fully adjustable rib and comb provide high flexibility in stock fit and point of impact adjustment.

### Standard Equipment

- 34” (86 cm) barrel with chrome lined chamber
- 12-8 mm ventilated free-floating adjustable rib
- Adjustable trigger for grip length
- Adjustable trigger pull (3 1/4-3 3/4lbs) and travel
- Monte Carlo buttstock with fully adjustable Comb
- Ergonomic stock design for reduced recoil, available in true offset
- Right or Left hand
- Lightweight fitted case

The KX-6 Special action features a proven nickel finish for optimal durability and elegant appearance.

- Choice of 3 steel choke tubes: C, SK, IC, IM, M, IM, F, SF, Titanium chokes tubes (same constrictions) available as an upgraded option
- 12 ~ 8 mm ventilated free-floating adjustable rib

### KX-6 Special:
A Single Shot Backed by 130 Years of Krieghoff

A pure single barrel competition Trap gun with the Singles, Handicap and League shooter in mind. Featuring the familiar high post adjustable rib and corresponding high profile rollover stock borrowed from the K-80 Trap Special, the KX-6 Special offers the shooter a more upright head position, providing a wider field of vision and lessened perceived recoil.

The 34” single barrel expands lengthwise as it gets hot, so no matter how much you shoot, the point of impact remains where you set it and is not affected by heat expansion.

12 Gauge; 3” (12/76); Proofed for Steel Shot; Choice of 3 steel choke tubes; Titanium choke tubes available: C, SK, IC, IM, M, IM, F, SF; Titanium chokes tubes (same constrictions) available as an upgraded option; 12 ~ 8 mm ventilated free-floating adjustable rib

12 Gauge; 3” (12/76); Proofed for Steel Shot; Choice of 3 steel choke tubes; Titanium choke tubes available: C, SK, IC, IM, M, IM, F, SF; Titanium chokes tubes (same constrictions) available as an upgraded option; 12 ~ 8 mm ventilated free-floating adjustable rib

The KX-6 Special action features a proven nickel finish for optimal durability and elegant appearance.

Release trigger available as an upgrade option.

A TIMELESS
CLASSIC: K-80/S

Krieghoff is excited to launch the new K-80/S. A timeless classic, the K-80 has a proven design requiring few technical modifications in its four decade history stemming from the original K-32. Recently designers envisioned the idea of adding sideplates to provide a “new” classic look of the sideplate and sidelock guns of the past with graceful lines and identical in all other aspects. The very limited edition gives room for elaborate works of art providing engravers an expanded canvas to the K-80 receiver.

Custom engraving: “Summers End” on a limited edition new K-80/S takes us to summer’s end with wild flowers and wheat in their full enameled and gold beauty. A wingshooter’s dream of pheasants, quail and woodcock adorn the receiver, top latch and trigger guard. Reverse gold gives the golden feeling of summer’s last days and the anticipation of the upcoming hunting season.
Custom engravings are the result of sophisticated craftsmanship and expertise, individually designed in accordance with your wishes. Krieghoff offers a wide range of ornate, extremely detailed and beautifully executed motifs that leave nothing to be desired. Each engraving is unique.

**CUSTOM ENGRAVINGS**

Custom engraving:

The Gun of the Year 2017 “Buffalo Bill” illustrates the fine art of engraving. The individual objects are portrayed with great detail and delicacy. The receiver’s right side shows how Cody earned his famous moniker. The receiver’s left side shows Buffalo Bill riding into the middle of his Wild West Show proudly bearing the American flag, symbolizing his deep patriotism. The Buffalo nickel is engraved on the hinge pins, showing a Native American on one side and a buffalo on the other. The bottom of the receiver shows the classic showman pose Buffalo Bill was famous for. Engraved on the top latch is the Medal of Honor awarded to Buffalo Bill for his work as a civilian scout during the Civil War. The dates of his birth and death adorn the trigger guard.
Custom engraving:
“Horses”
This 2010 Gun of the Year, “Horses” features bright inlaid enamel and captures the beauty and mystery of these majestic creatures.

Custom engraving:
“Terra Australis”
The Gun of the Year 2016 was dedicated to the mysterious continent of Australia: “Terra Australis”.

Custom engraving:
“Arabic Ornament”
Inspired by Arab architecture, this unique engraving was designed with fine, inlaid gold lines and whimsical symmetry.

Custom engraving:
“On the Hunt”
Captures the spirit of the American waterfowl hunt featuring inlaid gold and delicate detail to the outdoor experience.

Custom engraving:
“Elements of Time”
The “Elements of Time” is a one-of-a-kind featuring exquisite detail accompanied by brilliant enamel and inlaid precious gems, making this work of art "timeless". Creative Art is known for their extensive artistic and compositional talents.

Custom engraving:
“Custom Waterfowl”
With gold inlays, very detailed scenes with waterfowl integrated in a floral ornament with English arabesques.
Custom engraving:

"Winter"

Portraying the winter season was a huge challenge for our engravers. The snowy and icy surfaces were created with white gold. The flying ducks were done in red and green gold.

Custom engraving:

"Leonardo da Vinci"

The brilliant mind of Leonardo da Vinci produced legendary artwork captured here on the K-80. Fine Bulino engraving captures the detail of da Vinci’s work while the deeper Renaissance scroll provides the perfect frame.
You can place absolute trust in the reliability and perfection of a Krieghoff in every situation.
THE HUMAN FACTOR: STOCK CONFIGURATIONS FOR INDIVIDUALS

When it comes to ergonomics, a shotgun’s stock is a key component. Every K-80 is equipped with a stock optimized for the relevant discipline, enabling flawless adaptation to the individual requirements of each shooter.

THE KRIEGHOFF BALANCE SYSTEM

The perfect balance of the Krieghoff competition shotguns can be individually adapted to the shooter, thanks to the “Krieghoff Balance System”. With the sophisticated system of new barrel and stock weights, the K-80 and the K-20 can be optimally balanced. The barrel is thereby equipped with up to three additional weights of 1.4 oz (40 g) each underneath the forearm.
CRAFTSMANSHIP - BARRELS

PERFORMANCE AND FLEXIBILITY

The barrel set options for the K-80 make it possible to optimize the configuration for a wide variety of disciplines and to adapt the gun to suit individual preferences.

Sporting barrel set / 12, 20, 28 and .410 gauge / Barrel lengths: 28", 30", 32" (71, 76, 81 cm) / Rib: 10 – 6 mm tapered flat soldered

Pro Sporter / 12, 20, 28, and .410 gauge / Barrel lengths: 30", 32" (76, 81 cm) / Rib: 10 – 6 mm tapered (12 – 8 mm with bevel), adjustable, highest selectable shot pattern 70 / 30 %

Trap barrel set / 12 gauge / Barrel lengths: 30", 32" (76, 81 cm) / Rib: 10 – 6 mm tapered step, soldered

Regular maintenance of your quality products from Krieghoff ensures that you can rely 100% on the reliability and safety of your gun even after many years of use. You’ll find detailed information on our website at: www.krieghoff.com
SHOTGUNS AS HEIRLOOMS

With the utmost care and flawless craftsmanship, Krieghoff produces shotguns to be passed down through generations – masterpieces that always retain their monumental value. As an integral part of our work, collaboration in a spirit of partnership is extremely important to us – and as with shooting, we are focused on a clear goal: optimally meeting the needs of our customers.

HANDCRAFTED AND CUSTOMIZED STOCKS

A handcrafted stock is defined as a stock that has been manually produced to the largest extent (with only partial mechanical preprocessing), including the comb and/or forearm, from the original blank. Special wishes concerning the stock design (special stock shape, deviations from the standard length, etc.) generally require manual processing of the standard stock shape or a customized stock. In such cases, a personal fitting is essential. Our experienced stock makers ensure that your stock fits you perfectly, enabling you to confirm the truth in Ludwig Krieghoff's old saying: "You shoot with the barrel, you hit with the stock."

ENGRAVING AND FINISHING

Transform your shotgun into an individual work of art. The clean surfaces and contours of the K-80 and K-20 offer a generously dimensioned design field for engravings of every style and manner of execution. The repertoire of catalog engravings shows the diversity of artistic options for enhancing the Krieghoff competition shotguns. Based on your design and ideas, our engravers can design and produce exclusive, one-of-a-kind pieces that will bring you timeless pleasure forever.

INTERCHANGEABLE BARRELS

Our Factory Technicians are experts in precise barrel fits. Each new barrel can be fit to your receiver providing optimal performance in multiple gauges.

K-80 AND K-32 MAINTENANCE SERVICE

Your wish is our command. In addition to first-class shotguns, we’d also like to offer you first-class service. This goes for the construction of your Krieghoff according to your own specifications, as well as for repairs, stock modifications, retrofitting your K-80 or K-20 with a component from our extensive product range, and much more.
The catalog is available from your specialist dealer or can be downloaded from the company’s website at www.krieghoff.com.
